

Message from the Principal:

The State of Oklahoma adopted much higher performance standards in 2017. The test results are therefore not comparable to those from previous years.

Although our 2017 test scores were not at the level we wanted, we learned several things which will help us in the future. We are working to establish smaller class sizes, purchased additional technology and are seeking to implement more methods of instruction.

Your child's education is very important to us. Please feel free to call with any questions or concerns.
